MANAGEMENT INFORMATION CIRCULAR

SOLICITATION OF PROXIES BY MANAGEMENT

This management information circular (this “**Circular**”) is furnished in connection with the solicitation by the management of Evergold Corp. (the “**Corporation**”) of proxies to be used at the annual general and special meeting (the “**Meeting**”) of the holders (the “**Shareholders**”) of common shares of the Corporation (“**Common Shares**”) to be held at the time and place and for the purposes set out in the accompanying Notice of Meeting. It is expected that the solicitation will be made primarily by mail. However, officers and employees of the Corporation may also solicit proxies by telephone, e-mail or in person. These persons will receive no compensation for such solicitation, other than their ordinary salaries or fees. The total cost of solicitation of proxies will be borne by the Corporation. Pursuant to National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”), arrangements have been made with clearing agencies, brokerage houses and other financial intermediaries to forward proxy-related materials to the beneficial owners of the Common Shares. See “*Appointment and Revocation of Proxies – Notice to Beneficial Holders of Common Shares*” below for further details. The Corporation will provide, with cost to such person, upon request to the Secretary of the Corporation, additional copies of the foregoing documents for this purpose.

NOTICE AND ACCESS

The Corporation has elected to use the notice-and-access process (“**Notice-and-Access**”) that came into effect on February 11, 2013 under NI 54-101 and National Instrument 51-102 – *Continuous Disclosure Obligations*, for distribution of this Circular and other meeting materials to registered Shareholders of the Corporation and Beneficial Shareholders (as defined herein).

Notice-and-Access allows issuers to post electronic versions of meeting materials, including circulars, annual financial statements and management’s discussion and analysis, online, via SEDAR+ and one other website, rather than mailing paper copies of such meeting materials to Shareholders. The Corporation anticipates that utilizing the Notice-and-Access process will substantially reduce both postage and printing costs.

Meeting materials including the Circular and the Corporation’s audited financial statements for the year ended December 31, 2023 (the “**Financial Statements**”) and the Corporation’s management’s discussion and analysis for the year ended December 31, 2023 (the “**MD&A**”), are available on the Corporation’s website at <https://www.evergoldcorp.ca/> and on the Corporation’s SEDAR+ profile at www.sedarplus.ca.

Although the Circular and the related proxy materials for use in connection with the Meeting (the “**Meeting Materials**”) will be posted electronically online, as noted above, the registered Shareholders and Beneficial Shareholders (subject to the provisions set out below under the heading “**Notice to Beneficial Holders of Common Shares**”) will receive a “notice package” (the “**Notice-and-Access Notification**”), by prepaid mail, which includes the information prescribed by NI 54-101, and a proxy form or voting instruction form

from their respective intermediaries. Shareholders should follow the instructions for completion and delivery contained in the proxy or voting instruction form. Shareholders are reminded to review the Circular before voting.

Management of the Corporation does not intend to pay for intermediaries to forward the Notice-and-Access Notification to OBOs (as defined herein) under NI 54-101, and therefore an OBO will not receive the Notice-and Access Notification unless the OBO's intermediary assumes the cost of delivery.

Shareholders will not receive a paper copy of the Meeting Materials unless they request paper copies from the Corporation. Requests for paper copies of the Meeting Materials must be received at least five (5) business days in advance of the proxy deposit date and time, being 12:00 pm (Toronto time) on June 20, 2024 and the Corporation will mail the requested materials within three (3) business days of the request. Shareholders with questions about Notice-and Access may contact Marrelli Trust Company Limited at 1-844-682-5888 within North America or at 416-361-0737 outside of North America up to the date of the Meeting or any adjournment thereof by email at info@marrellitrust.ca.

GENERAL INFORMATION RESPECTING THE MEETING

No person has been authorized to give any information or make any representations in connection with the matters being considered herein other than those contained in this Circular and, if given or made, any such information or representations should be considered not to have been authorized by the Corporation. This Circular does not constitute the solicitation of a proxy by any person in any jurisdiction in which such solicitation is not authorized or in which the person making such solicitation is not qualified to do so or to any person to whom it is unlawful to make such solicitation.

References in this Circular to the Meeting include any adjournment(s) or postponement(s) thereof.

In this Circular, unless otherwise indicated, all dollar amounts "\$" are expressed in Canadian dollars.

Except where otherwise indicated, the information contained herein is stated as of May 13, 2024.

Shareholders are reminded to review this Circular before voting.

APPOINTMENT AND REVOCATION OF PROXIES

Appointment of Proxy

A Shareholder who is unable to attend the Meeting in person is requested to complete and sign the enclosed form of proxy and to deliver it to Marrelli Trust Company Limited: (i) by mail or hand delivery to Marrelli Trust Company Limited at c/o Marrelli Transfer Services Corp., 82 Richmond Street East, Toronto, ON M5C 1P1; or (ii) by facsimile at (416) 360 7812; or (iii) by email at info@marrellitrust.ca; or (iv) by online voting at www.voteproxy.ca. In order to be valid and acted upon at the Meeting, the form of proxy must be received no later than 5:00 p.m. (Toronto time) on June 25, 2024, or be deposited with the Secretary of the Corporation before the commencement of the Meeting or any adjournment thereof. The deadline for the deposit of proxies may be waived or extended by the Chair of the Meeting at his discretion, without notice.

If you are a non-registered holder of Common Shares and have received these materials through your broker, custodian, nominee or other intermediary, please complete and return the form of proxy or voting

instruction form provided to you by your broker, custodian, nominee or other intermediary in accordance with the instructions provided therein.

The document appointing a proxy must be in writing and executed by the Shareholder or his attorney authorized in writing or, if the Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized.

A Shareholder submitting a form of proxy has the right to appoint a person (who need not be a Shareholder) to represent him or her at the Meeting other than the persons designated in the form of proxy furnished by the Corporation. To exercise that right, the name of the Shareholder's appointee should be legibly printed in the blank space provided. In addition, the Shareholder should notify the appointee of the appointment, obtain his or her consent to act as appointee and instruct the appointee on how the Shareholder's Common Shares are to be voted.

Shareholders who are not registered shareholders should refer to "*Notice to Beneficial Holders of Common Shares*" below.

Revocation of Proxy

A Shareholder who has submitted a form of proxy as directed hereunder may revoke it at any time prior to the exercise thereof. If a person who has given a proxy personally attends the Meeting at which that proxy is to be voted, that person may revoke the proxy and vote in person. In addition to the revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing executed by the Shareholder or his attorney or authorized agent and deposited with, Marrelli Trust Company Limited, at any time up to 12:00 p.m. (Toronto time) on June 25, 2024: (i) by mail or hand delivery to Marrelli Trust Company Limited at c/o Marrelli Transfer Services Corp., 82 Richmond Street East, Toronto, ON M5C 1P1; or (ii) by facsimile at (416) 360 7812; or (iii) by email at info@marrellitrust.ca; or (iv) by online voting at www.voteproxy.ca, or deposited with the Corporate Secretary of the Corporation before the commencement of the Meeting, or any adjournment thereof, and upon either of those deposits, the proxy will be revoked.

Notice to Beneficial Holders of Common Shares

The information set out in this section is of importance to many Shareholders, as a substantial number of Shareholders do not hold Common Shares in their own name. Shareholders who do not hold their Common Shares in their own name (referred to herein as "**Beneficial Shareholders**") should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting or any adjournment(s) thereof. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Common Shares will not be registered in the Shareholder's name in the records of the Corporation. Those Common Shares will most likely be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms). Common Shares held by brokers or their nominees can be voted (for or against resolutions or withheld from voting) only upon the instructions of the Beneficial Shareholder. Without specific instructions, the broker/nominees are prohibited from voting Common Shares for their clients. Subject to the following discussion in relation to NOBOs (as defined herein), the Corporation does not know for whose benefit the Common Shares registered in the name of CDS & Co., a broker or another nominee, are held.

The Notice-and-Access Notification is being sent to both registered Shareholders and Beneficial Shareholders. There are two categories of Beneficial Shareholders under applicable securities regulations

for purposes of dissemination to Beneficial Shareholders of proxy-related materials and other security holder materials and requests for voting instructions from such Beneficial Shareholders. Non-objecting beneficial owners (“**NOBOs**”) are Beneficial Shareholders who have advised their intermediary (such as brokers or other nominees) that they do not object to their intermediary disclosing ownership information to the Corporation, consisting of their name, address, e-mail address, securities holdings and preferred language of communication. Canadian securities laws restrict the use of that information to matters strictly relating to the affairs of the Corporation. Objecting beneficial owners (“**OBOs**”) are Beneficial Shareholders who have advised their intermediary that they object to their intermediary disclosing such ownership information to the Corporation.

In accordance with the requirements of NI 54-101, the Corporation is sending the Meeting Materials indirectly through intermediaries to NOBOs and OBOs. NI 54-101 allows the Corporation, in its discretion, to obtain a list of its NOBOs from intermediaries and to use such NOBO list for the purpose of distributing the proxy materials directly to, and seeking voting instructions directly from, such NOBOs. As a result, the Corporation is entitled to deliver Meeting Materials to Beneficial Shareholders in two manners: (a) directly to NOBOs and indirectly through intermediaries to OBOs; or (b) indirectly to all Beneficial Shareholders through intermediaries. The Corporation is sending Meeting Materials indirectly to the NOBOs. The Corporation will use and pay intermediaries and agents to send the Meeting Materials and does not intend to pay for intermediaries to deliver the Meeting Materials to the OBOs.

Applicable securities regulations require intermediaries, on receipt of Meeting Materials that seek voting instructions from Beneficial Shareholders indirectly, to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings on Form 54-101F7. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting or any adjournment(s) thereof. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided to registered shareholders; however, its purpose is limited to instructing the registered shareholder how to vote on behalf of the Beneficial Shareholder. Beneficial Shareholders who wish to appear in person and vote at the Meeting should be appointed as their own representatives at the Meeting in accordance with the directions of their intermediaries and Form 54-101F7. Beneficial Shareholders can also write the name of someone else whom they wish to appoint to attend the Meeting and vote on their behalf. Unless prohibited by law, the person whose name is written in the space provided in Form 54-101F7 will have full authority to present matters to the Meeting and vote on all matters that are presented at the Meeting, even if those matters are not set out in Form 54-101F7 or this Circular. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“**Broadridge**”) in Canada. Broadridge typically mails a voting instruction form in lieu of a form of proxy. Beneficial Shareholders are requested to complete and return the voting instruction form to Broadridge by mail or facsimile. Alternatively, Beneficial Shareholders can call a toll-free telephone number to vote the shares held by them or access Broadridge’s dedicated voting website to deliver their voting instructions. Broadridge will then provide aggregate voting instructions to the Corporation’s transfer agent and registrar, which will tabulate the results and provide appropriate instructions respecting the voting of Common Shares to be represented at the Meeting or any adjournment thereof.

All references to Shareholders in this Circular, instrument of proxy and Notice of Meeting are to registered Shareholders unless specifically stated otherwise.

Voting

Common Shares represented by any properly executed proxy in the accompanying form will be voted for or against, or withheld from voting, as the case may be, on any ballot that may be called for in accordance

with the instructions given by the Shareholder. **In the absence of such direction, such Common Shares will be voted in favour of the matters set out herein.**

The accompanying form of proxy confers discretionary authority on the persons named in it with respect to amendments or variations to matters identified in the Notice of Meeting or other matters that may properly come before the Meeting. As of the date hereof, management of the Corporation is not aware of any such amendments, variations or other matters which may come before the Meeting. In the event that other matters come before the Meeting, then the management designees intend to vote in accordance with the judgment of management of the Corporation.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

No person who has been a director or an officer of the Corporation at any time since December 31, 2023, no proposed nominee for election as a director of the Corporation nor any associate of any such director, director nominee or officer has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting, except as disclosed in this Circular.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The authorized share capital of the Corporation consists of an unlimited number of Common Shares without par value. As at the date hereof, there are 96,930,363 Common Shares issued and outstanding.

Each Common Share entitles the holder thereof to one vote on all matters to be acted upon at the Meeting. The record date for the determination of Shareholders entitled to receive notice of the Meeting has been fixed at May 13, 2024 (the “**Record Date**”). All such holders of record of Common Shares on the Record Date are entitled either to attend and vote thereat in person the Common Shares held by them or, provided a completed and executed proxy shall have been delivered to the Corporation’s transfer agent, Marrelli Trust Company Limited, within the time specified in the Notice of Meeting, to attend and to vote thereat by proxy the Common Shares held by them.

To the knowledge of the directors and executive officers of the Corporation, as of the date hereof, no person or company beneficially owns, controls or directs, directly or indirectly, voting securities of the Corporation carrying 10% or more of the voting rights attached to all outstanding Common Shares of the Corporation.

Director Compensation

The Board determines the level of compensation for directors based on recommendations from the Compensation Committee. The Board reviews directors’ compensation as needed, considering time commitment, risks and responsibilities to ensure that the amount of compensation adequately reflects the responsibilities and risks of being a director and makes adjustments as deemed necessary.

Effective January 1, 2020 the Board adopted a cash compensation program for its directors with respect to general directors’ duties, meeting attendance or for additional service on Board committees. Directors are entitled to receive annual compensation of \$5,000. Further, directors are reimbursed for all reasonable out-of-pocket expenses incurred in attending Board, committee or Shareholder meetings and otherwise incurred in carrying out their duties as directors of the Corporation.

Directors may receive Option grants as determined by the Board in accordance with the applicable incentive compensation plan. The exercise price of Options is determined by the Board on recommendation from the Compensation Committee, but shall in no event be less than the market price of the Common Shares at the time of the Option grant, less any permissible discounts pursuant to the terms of the applicable incentive compensation plan and the policies of the TSX-V.

Oversight and Description of Director and NEO Compensation

The Corporation understands that compensation in the form of cash and option awards plays a crucial role in incentivizing personnel to develop and achieve short and long-term business objectives that ultimately add value to the business. Under normal circumstances this added value will generally be recognized by the market, in time, through price appreciation of the Corporation's shares, thus providing an important indicator of executive performance.

The Corporation's compensation philosophy is based on the following fundamental principles:

- *Compensation programs must align with shareholder interests* – the Corporation aligns executive officer goals with maximizing long-term shareholder value;
- *Performance sensitive* – compensation for executive officers should be linked to operating and market performance of the Corporation and fluctuate with the performance; and
- *Offer market competitive compensation to attract and retain talent* – the compensation program should provide market competitive pay in terms of value and structure in order to retain existing employees who are performing according to their objectives and to attract new individuals of the highest caliber.

The objectives of the Corporation's compensation program for NEOs have been developed based upon the above-mentioned compensation philosophy and is as follows:

- to attract and retain highly qualified executive officers;
- to align the interests of executive officers with shareholders' interests and with the execution of the Corporation's business strategy;
- to evaluate executive performance on the basis of key measurements that correlate to long-term shareholder value; and
- to tie compensation directly to those measurements and rewards based on achieving and exceeding predetermined objectives.

The Corporation believes that transparent, objective and easily verified corporate goals, combined with individual performance goals, play an important role in creating and maintaining an effective compensation strategy for NEOs. The Corporation's objective is to establish benchmarks and targets for its NEOs that will enhance shareholder value if achieved.

Aggregate compensation for each NEO shall be designed to be competitive. Once formed, it is anticipated that the compensation committee of the Corporation (the "**Compensation Committee**") will review from time to time the compensation practices of similarly situated companies when considering the Corporation's executive compensation practices. The Compensation Committee will review each element of compensation for market competitiveness, and although it may weigh a particular element more heavily based on the NEO's role within the Corporation, it is primarily focused on remaining competitive in the market with respect to total compensation.

From time to time, on an *ad hoc* basis, the Compensation Committee will review data related to compensation levels and programs of various companies that are similar in size to the Corporation and operate within the mining exploration and development industry. The Compensation Committee will also

rely on the experience of its members as officers and/or directors at other companies in similar lines of business as the Corporation in assessing compensation levels.

Compensation Governance

The Compensation Committee will be responsible for ensuring that the Corporation has in place an appropriate plan for executive compensation and for making recommendations to the Board with respect to the compensation of the Corporation's executive officers. The Compensation Committee will ensure that total compensation paid to all NEOs is fair, reasonable, and consistent with the Corporation's compensation philosophy.

From time to time the Compensation Committee shall make, and the Board shall review and may approve, recommendations regarding compensation to executive officers and directors. A combination of fixed and variable compensation will be used to motivate executive officers to achieve overall corporate goals. The two basic components of the Corporation's executive officer compensation program are:

- base salary; and
- annual incentive (bonus) payments.

Base salaries shall be paid in cash and constitute the fixed portion of the total compensation paid to executive officers. Annual incentives comprise the remainder, and represent compensation that is "at risk" and thus may or may not be paid to the respective executive officer depending on: (i) whether the executive officer is able to meet or exceed his or her applicable performance targets; and (ii) market performance of the Common Shares. To date, no specific formula has been developed to assign a specific weighting to each of these components. Instead, the Board shall consider each performance target and the Corporation's performance and assigns compensation based on this assessment and the recommendations of the Compensation Committee.

Base Salary

The Compensation Committee and the Board shall approve the salary ranges for the NEOs. The base salary review for each NEO is based on assessment of factors such as current competitive market conditions, compensation levels and practices of similarly situated companies and particular skills, such as leadership ability and management effectiveness, experience, responsibility and proven or expected performance of the particular individual. The Corporation may consider comparative data for the Corporation's peer group, which are accumulated from a number of external sources including independent consultants. The Corporation's policy for determining salary for executive officers will be consistent with the administration of salaries for all other employees.

Annual Incentive (Cash Bonus) Payments

Cash annual incentive awards shall be based on various personal and company-wide achievements. Performance goals for annual incentive payments are subjective and include achieving individual and corporate targets and objectives, as well as general performance in day-to-day corporate activities.

The Board will approve target annual incentive amounts for each NEO at the beginning of each financial year. The Compensation Committee will determine target amounts based on a number of factors, including comparable compensation of similar companies. Funding of the annual incentive awards will be capped at the company level and the distribution of funds to the executive officers will be at the discretion of the Compensation Committee. Each NEO may receive partial or full payment of the target annual incentive amount set by the Compensation Committee at the beginning of each financial year, depending on the

number of the predetermined targets met, and the assessment of such NEO's overall performance by the Compensation Committee and the Board.

In order to develop a recommendation to the Board regarding annual incentive payments, the Compensation Committee will assess NEO performance subjectively, considering each NEO's respective success in achieving his or her individual objectives, contributions to the achievement of the Corporation's goals, and contributions to meeting the needs of the Corporation that arise on a day-to-day basis. If the Compensation Committee cannot unanimously agree on a recommendation in respect of an NEO's annual incentive payment, the matter is referred to the full Board for decision.

The Board will rely heavily on the recommendations of the Compensation Committee in granting annual incentives. However, the Board reserves ultimate discretion in determining whether each NEO has met his or her targets, and has the right make positive or negative adjustments to any annual incentive payment recommended by the Compensation Committee that it deems appropriate.

Option-Based Compensation

Options may be granted to directors, management, employees and certain service providers as long-term incentives to align the individual's interests with those of the Corporation. Options shall be awarded to directors and employees, including NEOs, at the Board's discretion, on the recommendation of the Compensation Committee. Decisions with respect to Options granted are based upon the individual's level of responsibility and their contribution towards the Corporation's goals and objectives, and additionally may be awarded in recognition of the achievement of a particular goal or extraordinary service. The Compensation Committee considers outstanding Options granted under the Stock Option Plan and held by management in determining whether to make any new grants of Options, and the quantum or terms of any Options grant.

Pension Disclosure

The Corporation does not provide retirement benefits for directors, executive officers or employees.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

Stock Option Plan

The Corporation has adopted an incentive stock option plan dated June 25, 2019, and amended on June 28, 2022 (the "**Stock Option Plan**"), and the Stock Option Plan is the Corporation's only equity compensation plan. As of the date of this Circular, the Corporation has 9,582,667 Options outstanding to purchase Common Shares.

The Stock Option Plan is a rolling stock option plan, under which 10% of the outstanding Common Shares at any given time are available for issuance thereunder. The purpose of the Stock Option Plan is to advance the interests of the Corporation by (i) providing certain employees, officers, directors, or consultants of the Corporation (collectively, the "**Optionees**") with additional performance incentive; (ii) encouraging Common Share ownership by the Optionees; (iii) increasing the proprietary interest of the Optionees in the success of the Corporation; (iv) encouraging the Optionees to remain with the Corporation; and (v) attracting new employees, officers, directors and consultants to the Corporation.

The following information is intended to be a brief description and summary of the material features of the Stock Option Plan and is qualified by the full text of the Stock Option Plan, which is appended to the Circular as Appendix “B”.

- a) The aggregate maximum number of Common Shares available for issuance from treasury under the Stock Option Plan and all of the Corporation’s other security-based compensation arrangements at any given time is 10.0% of the outstanding Common Shares as at the date of grant of an option under the Stock Option Plan, subject to adjustment or increase of such number pursuant to the terms of the Stock Option Plan. Any Common Shares subject to an option which has been granted under the Stock Option Plan and which has been cancelled, repurchased, expired or terminated in accordance with the terms of the Stock Option Plan without having been exercised will again be available under the Stock Option Plan.
- b) The exercise price of an option shall be determined by the Board at the time each option is granted, provided that such price shall not be less than: (i) if the Common Shares are listed on the Exchange (as such term is defined in the Stock Option Plan), the last closing price of the Common Shares on the Exchange; or (ii) if the Common Shares are not listed on the Exchange, in accordance with the rules of the stock exchange on which the Common Shares are listed at the time of the grant; or (iii) if the Common Shares are not listed on any stock exchange, the minimum exercise price as determined by the Board.
- c) The aggregate number of Common Shares reserved for issuance pursuant to options granted to insiders of the Corporation at any given time, or within a 12-month period, shall not exceed 10.0% of the total number of Common Shares then outstanding, unless disinterested shareholder approval is obtained. The aggregate number of Common Shares reserved for issuance pursuant to options granted to any one person or entity within any twelve-month period shall not exceed 5.0% of the total number of Common Shares then outstanding unless disinterested shareholder approval is obtained.
- d) Directors, officers, consultants and employees of the Corporation or its subsidiaries, and employees of a person or company which provides management services to the Corporation or its subsidiaries are eligible to participate in the Stock Option Plan. Subject to compliance with requirements of the applicable regulators, Optionees may elect to hold Options granted to them in an incorporated entity wholly owned by them and such entity is bound by the Stock Option Plan in the same manner as if the Options were held by the Optionee.
- e) Each Option and all rights thereunder shall expire on the date set out in the Option agreement, provided that in no circumstances shall the duration of an Option exceed the maximum term permitted by the applicable regulators.
- f) If any Options expire during a period when trading of the Corporation’s securities by certain persons as designated by the Corporation is prohibited or within 10 business days after the end of such a period, the term of those Options will be extended to 10 business days after the end of the prohibited trading period, unless such extension is prohibited by any applicable law or the policies of the applicable regulators.
- g) The Board may determine when any option will become exercisable and may determine that the option will be exercisable immediately upon the date of grant, or in instalments or pursuant to a vesting schedule. However, unless the Board determines otherwise, options issued pursuant to the Stock Option Plan are generally subject to a vesting schedule as follows: (i) 1/3 upon the date of grant; (ii) 1/3 upon the first anniversary of the date of grant; and (iii) 1/3 upon the second anniversary of the date of grant.

- h) In the event an Optionee ceases to be eligible for the grant of Options under the Stock Option Plan, options previously granted to such person will cease to be exercisable within a period of 90 days after the date such person ceases to be eligible under the Stock Option Plan, or such longer or shorter period as determined by the Board, provided that no option shall remain outstanding for any period which exceeds the earlier of: (i) the expiry date of such option; and (ii) 12 months following the date such person ceases to be eligible under the Stock Option Plan.
- i) If an Optionee ceases to be a director, officer, consultant or employee of the Corporation, or its subsidiaries, or ceases to be a management company employee, for any reason (other than death), such Optionee may exercise their Option to the extent that the Optionee was entitled to exercise it at the date of such cessation, provided that such exercise must occur within 90 days after the Optionee ceases to be a director, officer, consultant or employee, or a management company employee, unless such Optionee was engaged in investor relations activities, in which case such exercise must occur within 30 days after the cessation of the Optionee’s services to the Corporation.
- j) In the event of death of an Optionee, the Option previously granted shall be exercisable only within 12 months after such death and only if and to the extent that such Optionee was entitled to exercise the Option at the date of death.
- k) The Stock Option Plan has been adopted by the Board subject to the approval of the applicable regulators and, if so approved, subject to the discretion of the Board, the Stock Option Plan will become effective upon approval at the next general meeting of the shareholders of the Corporation.

In the event of a Change of Control (as defined in the Stock Option Plan), all Options outstanding shall be immediately exercisable.

The TSX-V policies relating to security-based compensation arrangements require that a majority of Shareholders must approve all unallocated Options every year after the institution of any security-based compensation arrangement that does not have a fixed maximum aggregate of issuable securities. Accordingly, Shareholders will be asked at the Meeting to approve the unallocated Options for the upcoming year.

A copy of the Stock Option Plan is appended to the Circular as Appendix “B”.

STATEMENT OF CORPORATE GOVERNANCE

The Corporation and the Board recognize the importance of corporate governance to the effective management of the Corporation and to the protection of its employees and Shareholders. The Corporation's approach to significant issues of corporate governance is designed with a view to ensuring that the business and affairs of the Corporation are effectively managed to enhance Shareholder value. The Board fulfills its mandate directly and through its committees at regularly scheduled meetings or at meetings held as required. Frequency of meetings may be increased and the nature of the agenda items may be changed depending upon the state of the Corporation's affairs and in light of opportunities or risks which the Corporation faces. The directors are kept informed of the Corporation's business and affairs at these meetings as well as through reports and discussions with management on matters within their particular area of expertise.

National Policy 58-201 – Corporate Governance Guidelines sets out a series of guidelines for effective corporate governance (the “**Guidelines**”). The Guidelines address matters such as the constitution and independence of corporate boards, the functions to be performed by boards and their committees and the effectiveness and education of board members. *National Instrument 58-101 – Disclosure of Corporate Governance Practices* (“**NI 58-101**”) requires the disclosure by each listed corporation of its approach to corporate governance with reference to the Guidelines as it is recognized that the unique characteristics of individual corporations will result in varying degrees of compliance.

Set out below is a description of the Corporation's approach to corporate governance in relation to the Guidelines.

The Board

NI 58-101 defines an “independent director” as a director who has no direct or indirect “material relationship” with the issuer. A “material relationship” is as a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a member's independent judgment.

The Board believes that it functions independently of management and reviews its procedures on an ongoing basis to ensure that it is functioning independently of management. The Board meets without management present, as circumstances require. When conflicts arise, interested parties are precluded from voting on matters in which they may have an interest. In light of the Guidelines, the Board convenes meetings, as deemed necessary, of the independent directors, at which non-independent directors and members of management are not in attendance.

The Board currently consists of five directors, three of whom are independent based upon the test for director independence set out in National Instrument 52-110 – *Audit Committees* (“**NI 52-110**”). The Board

is composed of a majority of independent directors. Rosie Moore, P. Alexander Walcott and Darwin Green are the independent directors of the Corporation. Kevin Keough is the CEO of the Corporation and engages in the management of the day-to-day operations of the Corporation. As such, Mr. Keough is not an independent director. Charles J. Greig is the Corporation's Chief Exploration Officer and oversees the Corporation's exploration activities. As such, Mr. Greig is not an independent director.

Directorships

Some of the directors of the Corporation serve on the boards of directors of other reporting issuers in Canada. The following table lists the directors of the Corporation who serve on boards of directors of other reporting issuers and the identities of such reporting issuers:

Name of Director	Reporting Issuers
Rosie Moore	Trifecta Gold Ltd. (TSX-V)
	Torex Gold Resources Inc. (TSX)
Darwin Green	HighGold Mining Inc. (TSX-V)
	Onyx Gold Corp. (TSX-V)

The Board has determined that these directorships do not adversely impact the effectiveness of these directors on the Board nor create any potential for unmanageable conflicts of interest.

Orientation and Continuing Education

New members of the Board are provided with: (i) information respecting the functioning of the Board and its committees and a copy of the Corporation's corporate governance documents; (ii) access to all documents of the Corporation, including those that are confidential; and (iii) access to management.

The Board, together with the Corporate Governance and Nominating Committee are responsible for providing a comprehensive orientation and education program for new directors which fully sets out:

- the role of the Board and its committees;
- the nature and operation of the business of the Corporation; and
- the contribution which individual directors are expected to make to the Board in terms of both time and resource commitments.

In addition, the Board, together with the Corporate Governance and Nominating Committee, is also responsible for providing continuing education opportunities to existing directors so that individual directors can maintain and enhance their abilities and ensure that their knowledge of the business of the Corporation remains current.

Board members are encouraged to: (i) communicate with management and auditors; (ii) keep themselves current with industry trends and developments and changes in legislation with management's assistance; (iii) attend related industry seminars; and (iv) visit the Corporation's operations.

Ethical Business Conduct

The Board has adopted a written code of business conduct and ethics to encourage and promote a culture of ethical business conduct amongst the directors, officers and employees of the Corporation (the “**Code**”). All new employees must read the Code when hired and acknowledge that they will abide by the Code.

The Corporate Governance and Nominating Committee and the Board are responsible for monitoring compliance with the Code. In accordance with the Code, directors, officers, employees and consultants of the Corporation and its subsidiaries should raise questions regarding the application of any requirement under the Code and report a possible violation of a law or the Code promptly to their superior or manager. If reporting a concern or complaint to a superior or manager is not possible or advisable, or if reporting it to such person does not resolve the matter, the matter should be addressed with the CFO.

The Corporate Governance and Nominating Committee and the Board monitor compliance with the Code by, among other things, obtaining reports from the CEO regarding breaches of the Code. The Corporate Governance and Nominating Committee and the Board also review investigations and any resolutions of complaints received under the Code. In addition, the Board approves changes to the Code it considers appropriate, at least annually. The Code is available under the Corporation’s profile on SEDAR+ at www.sedarplus.ca or from the Corporation’s website at: <https://www.evergoldcorp.ca/corporate/governance/> - at the end of the introductory paragraph click on the link for Corporate Governance Manual, which contains all policies, charters and codes.

The Board takes steps to ensure that directors, officers and other employees exercise independent judgment in considering transactions and agreements in respect of which a director, officer or other employee of the Corporation has a material interest, which include ensuring that directors, officers and other employees are thoroughly familiar with the Code and, in particular, the rules concerning reporting conflicts of interest and obtaining direction from their superior or manager or the CFO regarding any potential conflicts of interest.

In addition to those matters which, by law, must be approved by the Board, the approval of the Board is required for:

- the Corporation’s annual business plan and budget;
- material transactions not in the ordinary course of business; and
- transactions which are outside of the Corporation’s existing business.

To ensure the directors exercise independent judgment in considering transactions and agreements in which a director or officer has a material interest, all such matters are considered and approved by the independent directors. Any interested director would be required to declare the nature and extent of his or her interest and would not be entitled to vote at meetings of directors which evoke such a conflict.

The Board encourages and promotes an overall culture of ethical business conduct by promoting compliance with applicable laws, rules and regulations; providing guidance to directors, officers and other employees to help them recognize and deal with ethical issues; promoting a culture of open communication, honesty and accountability; and ensuring awareness of disciplinary action for violations of ethical business conduct.

The Board has also adopted a Whistle-blower Policy for individuals to report complaints and concerns regarding, among other things, violations of the Code, a copy of which is available under the Corporation’s profile on SEDAR+ at www.sedarplus.ca or from the Corporation’s website at:

<https://www.evergoldcorp.ca/corporate/governance/> - at the end of the introductory paragraph click on the link for Corporate Governance Manual, which contains all policies, charters and codes.

Nomination of Directors

The Corporate Governance and Nominating Committee holds the responsibility for the appointment and assessment of directors.

The Corporate Governance and Nominating Committee seeks to achieve a balance of knowledge, experience and capability among the members of the Board. When considering candidates for director, the Corporate Governance and Nominating Committee considers a number of factors, including the following (although candidates need not possess all of the following characteristics and not all factors are weighted equally):

- personal qualities and characteristics, accomplishments and reputation in the business community;
- current knowledge and contacts in the countries and/or communities in which the Corporation does business and in the Corporation's industry sector or other sectors relevant to its business; and
- ability and willingness to commit adequate time to Board and committee matters, and be responsive to the needs of the Corporation.

The Board will periodically assess the appropriate number of directors on the Board and whether any vacancies on the Board are expected due to retirement or otherwise. If vacancies are anticipated, or otherwise arise, or the size of the Board is expanded, the Corporate Governance and Nominating Committee will consider various potential candidates for director. Candidates may come to the attention of the Corporate Governance and Nominating Committee through current directors or management, stockholders or other persons. These candidates will be evaluated at regular or special meeting of the Corporate Governance and Nominating Committee, and may be considered at any point during the year.

 - (ii) In the event of the Termination or Retirement of a Participant, each Option held by the Participant, the Participant's RRSP or the Participant's Holding Company will cease to be exercisable within a period of 90 days after the Termination Date or Retirement Date, as the case may be, or such longer or shorter period as determined by the Board. For greater certainty, such determination of a longer or shorter period may be made at any time subsequent to the date of grant of the Options. The Board may delegate authority to the Chief Executive Officer of the Company to make any determination with respect to the expiry or termination date of Options held by any departing Participant, other than a departing non-management director or the Chief Executive Officer. If the Board or the Chief Executive Officer, as the case may be, extends the period in which Options held by a Participant may be exercisable following a Termination Date or Retirement Date, such extended period must not exceed one (1) year from the Termination Date or Retirement Date.
 - (iii) If any portion of an Option has not vested on the Termination Date or Retirement Date, as the case may be, the Participant, the Participant's RRSP or the Participant's Holding Company may not, after the Termination Date or Retirement Date, as the case may be, exercise such portion of the Option which has not vested, provided that the Board may determine at any time, including for greater certainty at any time subsequent to the date of grant of the Options, that such portion of the Option vests automatically or pursuant to a vesting schedule determined by the Board. The Board may delegate authority to the Chief Executive Officer to make any determination with respect to vesting of Options or any portion thereof held by any departing Participant, other than a departing non-management director or the Chief Executive Officer.
 - (iv) Without limitation, and for greater certainty only, this subsection 2.5(a) will apply regardless of whether the Participant was dismissed with or without cause and regardless of whether the Participant received compensation in respect of dismissal or was entitled to a period of notice of termination which would otherwise have permitted a greater portion of the Option to vest.

- (b) Death.
- (i) If a Participant dies, the legal representatives of the Participant may exercise the Options held by the Participant, the Participant's RRSP and the Participant's Holding Company within a period after the date of the Participant's death as determined by the Board, and for greater certainty such determination may be made at any time subsequent to the date of grant of the Options, provided that no Option shall remain outstanding for any period which exceeds the earlier of (i) the expiry date of such Option; and (ii) 12 months following the date of death of the Participant, but only to the extent the Options were by their terms exercisable on the date of death.
 - (ii) The Board may determine at any time, including for greater certainty at any time subsequent to the date of grant of the Options, that such portion of the Option vests automatically or pursuant to a vesting schedule determined by the Board. The Board may delegate authority to the Chief Executive Officer to make any determination with respect to the expiry or termination date of Options or vesting of Options or any portion thereof held by any deceased Participant, other than a departing non-management director or the Chief Executive Officer.
 - (iii) If the legal representative of a Participant who has died exercises the Option of the Participant or the Participant's RRSP or the Participant's Holding Company in accordance with the terms of this Plan, the Company will have no obligation to issue the Shares until evidence satisfactory to the Company has been provided by the legal representative that the legal representative is entitled to act on behalf of the Participant, the Participant's RRSP or the Participant's Holding Company to purchase the Shares under this Plan.

2.6 Option Agreements

Each Option must be confirmed, and will be governed, by an agreement in a form (which may, but need not be, in the form of Schedule "A" hereto) determined by the Board and signed by the Company and the Participant or an RRSP of which the Participant is an annuitant or the Participant's Holding Company.

2.7 Payment of Option Price

The exercise price of each Share purchased under an Option must be paid in full by bank draft or certified cheque at the time of exercise, and upon receipt of payment in full, but subject to the terms of this Plan, the number of Shares in respect of which the Option is exercised will be duly issued as fully paid and non-assessable. Share certificates representing the number of Shares in respect of which the Option has been exercised will be issued only upon payment in full of the relevant exercise price to the Company.

2.8 Acceleration of Vesting

In the event of a Change of Control, all Options outstanding shall be immediately exercisable, notwithstanding any determination of the Board pursuant to Section 2.2 hereof, if applicable. Notwithstanding the vesting schedule for an Option that is specified in an agreement granting an Option or

in this Plan, the Committee shall have the right with respect to any one or more Participants in this Plan to accelerate the time at which an option may be exercised.

2.9 Merger and Acquisition

In the event of a Merger and Acquisition Transaction or proposed Merger and Acquisition Transaction:

- (a) subject to Section 2.8, the Committee may, in a fair and equitable manner, determine the manner in which all unexercised option rights granted under this Plan will be treated including, without limitation, requiring the acceleration of the time for the exercise of such rights by the Participants, the time for the fulfillment of any conditions or restrictions on such exercise, and the time for the expiry of such rights;
- (b) the Committee or any company which is or would be the successor to the Company or which may issue securities in exchange for Shares upon the Merger and Acquisition Transaction becoming effective may offer any Participant the opportunity to obtain a new or replacement option over any securities into which the Shares are changed or are convertible or exchangeable, on a basis proportionate to the number of Shares under Option and the Exercise Price (and otherwise substantially upon the terms of the Option being replaced, or upon terms no less favorable to the Participant) including, without limitation, the periods during which the Option may be exercised and expiry dates; and in such event, the Participant shall, if he accepts such offer, be deemed to have released his Option over the Common Shares and such Option shall be deemed to have lapsed and be cancelled; or
- (c) the Committee may exchange for or into any other security or any other property or cash, any Option that has not been exercised, upon giving to the Participant to whom such Option has been granted at least 30 days written notice of its intention to exchange such Option, and during such notice period, the Option, to the extent it has not been exercised, may be exercised by the Participant without regard to any vesting conditions attached thereto, and on the expiry of such notice period, the unexercised portion of the Option shall lapse and be cancelled.

Subsections (a), (b), and (c) of this Section 2.9 are intended to be permissive and may be utilized independently of, successively with, or in combination with each other and Section 2.8, and nothing therein contained shall be construed as limiting or affecting the ability of the Committee to deal with Options in any other manner. All determinations by the Committee under this Section 2.9 will be final, binding and conclusive for all purposes.

2.10 Amendment of Option Terms

Subject to the prior approval of any applicable regulatory authorities and/or stock exchange (as required) and the consent of the Participant affected thereby, the Board may amend or modify any outstanding Option in any manner to the extent that the Board would have had the authority to initially grant the Option as so modified or amended, including without limitation, to change the date or dates as of which, or the price at which, an Option becomes exercisable, provided however, that the consent of the Participant shall not be required where the rights of the Participant are not adversely affected.

ARTICLE 3 MISCELLANEOUS

3.1 Prohibition on Transfer of Options

Options are non-assignable and non-transferable.

3.2 Capital Adjustments

If there is any change in the outstanding Shares by reason of a stock dividend or split, recapitalization, consolidation, combination or exchange of shares, or other fundamental or similar corporate change, the Board will make, subject to any prior approval required of relevant stock exchanges or other applicable regulatory authorities, if any, an appropriate substitution or adjustment in (i) the exercise price of any unexercised Options under this Plan; (ii) the number or kind of shares or other securities reserved for issuance pursuant to this Plan; and (iii) the number and kind of shares subject to unexercised Options theretofore granted under this Plan; provided, however, that no substitution or adjustment will obligate the Company to issue or sell fractional shares. In the event of the reorganization of the Company or the amalgamation or consolidation of the Company with another corporation, the Board may make such provision for the protection of the rights of Eligible Persons, Participants, their RRSPs and their Holding Companies as the Board in its discretion deems appropriate. The determination of the Board, as to any adjustment or as to there being no need for adjustment, will be final and binding on all parties.

The grant of an Option shall not affect in any way the right or power of the Company to make adjustments, reclassifications, reorganizations or changes of its capital or business structure or to merge, consolidate, dissolve or liquidate, or to sell or transfer all or any part of its business or assets.

3.3 Non-Exclusivity

Nothing contained herein will prevent the Board from adopting other or additional compensation arrangements for the benefit of any Eligible Person or Participant, subject to any required regulatory or shareholder approval.

3.4 Renegotiation of Options

Subject to the prior consent of the Exchange, an Option, to the extent that it has not been exercised, may be renegotiated in accordance with the rules and policies of the Exchange.

3.5 Amendment and Termination

Subject to the requisite shareholder and regulatory approvals set forth under subparagraphs 3.5(a) and (b) below, the Board may from time to time amend or revise the terms of the Plan or may discontinue the Plan at any time provided however that no such amendment or revision may, without the consent of the Optionee, in any manner adversely affect his rights under any Option theretofore granted under the Plan.

- (i) any amendment to the number of securities issuable under the Plan, including an increase to a fixed maximum number of securities or a change from a fixed maximum number of securities to a fixed maximum percentage. A change to a fixed maximum percentage which was previously approved by shareholders will not require additional shareholder approval;

3.6 No Rights as Shareholder

Nothing herein or otherwise shall be construed so as to confer on any Participant any rights as a shareholder of the Company with respect to any Shares reserved for the purpose of any Option.

3.7 Employment

In the case of employees, nothing contained in this Plan shall confer upon any Participant any right with respect to employment or continuance of employment with the Company or any of its subsidiaries, or interfere in any way with the right of the Company or any of its subsidiaries to terminate the Participant's employment at any time. Participation in this Plan by a Participant is voluntary.

3.8 Securities Regulation and Tax Withholding

- (a) Where necessary to effect exemption from registration of the Shares under securities laws applicable to the securities of the Company, a Participant shall be required, upon the acquisition of any Shares pursuant to the Plan, to acquire the Shares with investment intent (i.e. for investment purposes) and not with a view to their distribution, and to present to the Committee an undertaking to that effect in a form acceptable to the Committee. The Committee may take such other action or require such other action or agreement by such Participant as may from time to time be necessary to comply with applicable securities laws. This provision shall in no way obligate the Company to undertake the registration of any Options or the Shares under any securities laws applicable to the securities of the Company.
- (b) The Committee and the Company may take all such measures as they deem appropriate to ensure that the Company's obligations under the withholding provisions under income tax laws applicable to the Company and other provisions of applicable laws are satisfied with respect to the issuance of Shares or the grant or exercise of Options under this Plan.
- (c) Issuance, transfer or delivery of certificates for Shares purchased pursuant to this Plan may be delayed, at the discretion of the Compensation Committee, until the Committee is satisfied that the applicable requirements of securities and income tax laws have been met.

3.9 No Representation or Warranty:

The Company makes no representation or warranty as to the future market value of any Shares issued in accordance with the provisions of this Plan.

3.10 Compliance with Legislation

The Board may postpone or adjust any exercise of any Option or the issue of any Shares pursuant to this Plan as the Board in its discretion may deem necessary in order to permit the Company to effect or maintain registration of this Plan or the Shares issuable pursuant thereto under the securities laws of any applicable jurisdiction, or to determine that the Shares and this Plan are exempt from such registration. The Company is not obligated by any provision of this Plan or any grant hereunder to sell or issue Shares in violation of any applicable law. In addition, if the Shares are listed on a stock exchange, the Company will have no obligation to issue any Shares pursuant to this Plan unless the Shares have been duly listed, upon official notice of issuance, on a stock exchange on which the Shares are listed for trading.

The Company and the Participant are responsible for ensuring and confirming that the Participant is a *bona fide* Employee or Consultant, as applicable.
